The red and blue stripes running down the pages in these documents (and separating the text from captions and users' notes) are the heraldic colours of the *Land* of Schleswig-Holstein, through which the route passes.

**15.1** This section of the walk starts outside the bakery in Nübbel, south of the village's main crossroads about half-way along Dorfstraße.

The bakery is a useful victualling point: it contains a café, with WCs for customers.

This is a viable point for pick-up or drop-off by a supporting car and driver.

**15.2** Walk along Dorfstraße, leaving the bakery on your right-hand side, and follow the road out to the edge of the village. After crossing a bridge, the road swings right (WSW): you will pass the farmstead of Bössel.

After leaving Bössel behind, continue along the road: after passing some more buildings on the left, you will come to a T-junction (with a track going straight ahead). Turn left at the T-junction, and follow the road for 1.4km. Turn right here, to reach the edge of a wood (this is Nübbeler Wald) in 450m.

**15.3** Go ahead for 550m, through the southern corner of the wood, then ahead with a field to your left. The track swings to the right: look out for a path to the left after about 60m, leading to a rudimentary picnic site. Continue on, easing slightly to the left, to reach the edge of the wood.

Turn right along the path which fringes the wood. You will pass farm buildings at Winkel: the onward path bears left three times, then right once, leading to a point where a road goes off to the left. Do not take this road, but continue ahead for 1.1km to reach another junction on Moholzer Weg.

Look out on your right as you pass along this road, and you may catch a glimpse of an old boundary stone, on which the word *Elsdorf* is just about visible.

750m ahead lies the centre of Elsdorf, with hourly bus services on the 2820 route between Rendsburg and Heide. The centre of the village has shops and refreshment facilities.
