Sculpture, Knop

16.1 This section of the walk starts at a T-junction on Moholzer Weg, approximately 750m to the east of the centre of Elsdorf and to the south-west of Winkel.

The centre of Elsdorf has hourly bus services on the 2820 route between Rendsburg and Heide. The centre of the village has shops and refreshment facilities.

16.2 From the junction, walk south. You will pass the farmstead of Knop: beyond the farm, look out for a small sculpture raised on a pole on the left-hand side of the road. Continue through Hamdorfer Wald, then turn right at the end of the wood to keep it on the right.

16.3 At the next bend, go straight ahead (west-north-west), with the wood still on your right and fields on your left. After about 560m, at the end of the third field (and after a slight bend to the right), turn left. After about 1300m, you will reach a T-junction on the outskirts of Hamdorf.

Turn left onto Große Lohe, then right into Kleine Lohe. After a left-hand bend, and just on a following right-hand bend, turn left on a path (Schulsteig) which eventually leads up to a road: Osterende. Turn right, then go left at the T-junction onto Dorfstraße. Follow this street past the little supermarket to the bus stop at the church.

This point marks the end of this section of the Nord-Ostsee-Wanderweg.

Occasional buses run between Rendsburg and Hamdorf.

This is a viable location for an agreed pick-up or a drop-off by a supporting car and driver.
